

7.0 KLYP Fee Schedule

Effective: September 25, 2020

To make KLYP the best Cosmetology platform we spent over three-years listening and shadowing providers and consumers to learn what you want and need and what was fair.

Today most convenience applications charge 40% or more on small transactions and 25%, 30%, and in Cosmetology up to 60%, KLYP is more friendly. Providers participate in two ways, transactional fees and a subscription fee, covering different areas that help KLYPISTS to earn more and keep more of their hard-earned income.

Consumers have a single Platform Fee included in the service fee, that is tiered to optimize affordability. This platform fee covers the costs to service transactions and provide customer service. Payment processing fees for payment cards and other payment options are covered by the transaction fees.

Provider Transaction Fees also help cover the costs of servicing transactions; however, the majority of the provider transaction fee supports outbound marketing of KLYPISTS on KLYP so providers can earn even more. This brings the power of Branding to the individual provider.

Transaction Fee Schedule

Effective July 25, 2020

Service Location/ Charge Type	Transaction Amount	Client Transaction/ Platform Fee	Provider Transaction Fee
In-Salon & home-based salons.	\$0-\$20.00	\$2.00	5% of the base fee.
	\$20.01 -\$60.00	\$3.00	
	\$60.01 and up.	5%	
Mobile	\$0 - \$60	\$3.00	15% of the base provider fee.
	\$60.01 and up.	5%	
Tips	Any	None	0% after payment processing fee.

NOTE: The Client transaction fee is added to the base provider fee and the provider fee is based on the amount before the Client Platform fee, this saves KLYPISTS money.
